

SPORTS TURF DRAINAGE SYSTEMS

Typical Putting Green Installation:

System Dimensions: 5,200 sq. ft. (approx.)

System Matrix: 16 x 48 -

76 sand channels on 16" centers

23 pipe channels on 48" centers

System Statistics:

5,853 linear feet of drainage channel (1.1 miles)

1,458 linear feet of Hi-Flo pipe (0.3 miles)

25 tons of sand used in the drainage system (*)

* This is a minimum estimated requirement. Actual sand consumption will vary depending on soil compaction and other factors.
